Summary information

This order form is for IDA Computer Licenses only. IDA Computer licenses can be used on a single computer by any user, provided than the simultaneous seat count does not exceed the license seats. In order to benefit from the discounted "additional user" prices for IDA, additional seats have to be purchased at the same time as the initial license they complement.

Renewals are possible for licenses within active support plan and also during three months after support plan expiration. The new one year support period is counted from the expiration date of the old support period. All new licenses entitle the end user to one year of support and free updates.

Purchase orders are accepted from governmental organizations and well known businesses for multiple license orders.

Electronic delivery is usually possible. Contact sales@hex-rays.com if you prefer that mode of delivery. We do not ship both physically and electronically.
