**Summary information**

This order form is for IDA Named Licenses only. IDA Named licenses can be used by a single person on his office workstation, laptop, and home computer, provided that nobody else uses these computers. The Name of the licensee will be reflected in the ida.key file delivered with the product. We will not deliver unnamed licenses. IDA Named licenses come with one year of support and free upgrades. Name changes are possible during the support period. In order to benefit from the discounted "additional user" prices for IDA, additional seats have to be purchased at the same time as the initial license they complement.

Renewals are possible for licenses within active support plan and also during three months after support plan expiration. The new one year support period is counted from the expiration date of the old support period. All new licenses entitle the end user to one year of support and free updates.

Purchase orders are accepted from governmental organizations and well known businesses for multiple license orders.

Electronic delivery is usually possible. Contact [sales@hex-rays.com](mailto:sales@hex-rays.com) if you prefer that mode of delivery. We do not ship both physically and electronically.
